Dear Mr. Ranga Rao:

In reply to your D.O. No 3403 CB of the 5th inst. I write to state that the information you have received is correct. I have levied fees for surgical treatment for some of the patients in this hospital (and one I operated upon in the Victoria Hospital) coming from outside the State.

I am a servant of the Mysore Government and am expected to care for Mysoreans, but do not consider that I am required to give my surgical skill free of charge to those able to pay who come from outside the State.

The question was brought up in discussion with the Dewan and Private Secretary to His Highness when I came down in April 1927 to look into the appointment offered me

and this I understood was considered as part of the private practice which I was permitted.

If the question arises in this connection of the use of the hospital for my private cases, I might point out that a certain income accrues to the hospital from special ward fees of Rs. 8/- a day. Moreover, when I came here I placed my personal equipment of instruments, amounting to several thousands of rupees in value, in the hospital for general use and they have been in constant service for the past 5 or 6 years for all cases operated upon, whether coming from the State or from outside.

Yours sincerely

J. Robinson.

Dear Sir,

I am desired to invite attention to your letter dated 6th May 1933 addressed to Mr. Ranga Rao in the matter of your levying fees from patients coming from outside the State for surgical treatment in the Krishnarajendra Hospital and to say that Government desire that no fees should be levied from patients treated in the hospital even if they are persons coming from outside the State.

Yours sincerely,

Dr. J.F.Robinson, B.A.,M.D.,F.A.C.S.,F.R.C.S.,
Medical Officer, Krishnarajendra Hospital,
